

SPIRALG Final Forum

19 -20 January 2023

The MoHo HQ, Caen (Normandy) - France

Free event but registration is mandatory (seats are limited)

Come to Normandy and learn more about the very first Spirulina Biorefinery in the EU, take a look at the prototypes ready to market and connect with the partners and stakeholders in the large variety of fields SPIRALG has brought together (algae, food, feed, biostimulants, LCA...) !

Thursday 19th January

8:30 – Welcome coffee

9:00 - Opening with Franck Hennequart, project coordinator, Algaia

9:30 - SPIRALG presentations

- Spirulina production demonstrator (Livegreen)
- Phycocyanin and co-product extraction (Greensea SAS)
- Co-product valorisation in Animal, Plant and Human health (Algaia, France)
- LCA, LCC and Social analysis (University College Dublin, Ireland)

13:00 - Lunch break

14:30 - Round tables with strategic speakers (to be announced)

17:00 - Closure with the SPIRALG consortium

20:00 Social evening diner (location to be confirmed)

The diner shall be at your own expense

Friday 20th January

8:00 to 13:00 – Great opportunity to visit ALGAIA Research and Development center, including a short site visit of the D-Day Omaha Beach and US cemetery
